RESIN (Research Support Information Network)

Presented by: Office of the Vice Chancellor for Research

Date: April 22, 2011

Agenda

■ Updates & Timely Information from Research Support:

- Office of the VCR
- RSC
- ⊕ IRB
- IACUC
- HIPAA
- UAMS Library
- BioVentures
- ⊕ Cost/Grants Accounting
- COI
- ⊕ ORSP
- ORC
- DLAM
- OGSP
- ⊕ CCTR/Core Facilities
- Medical Informatics

Pharmacogenomics Facility

Marjorie Beggs, PhD

Personnel

- Director - Susan Kadlubar, PhD
- Manager - Marjorie Beggs, PhD
- Bioinformaticist - Vinay Raj, PhD
- Biostatistician - Ishwori Dhakal, MS
- Research Technician - Kate Steed, MS

Location

- Winthrop P. Rockefeller Cancer Institute, Room 338
- Beggs - 501-686-8412 office; 501-920-0984 cell

Pharmacogenomics Facility

Marjorie Beggs, PhD

Core Services

- Isolation of RNA and DNA and RNA amplification
- RNA and DNA Agilent BioAnalysis
- Illumina Gene Expression Analysis by BeadArrays for human and mouse
- Illumina SNP/CNV analysis by BeadArrays for human. Currently have genotyped over 1,200 with the Human 1 million Quad Chip
- Sample preparation for high throughput sequencing

Pharmacogenomics Facility

Marjorie Beggs, PhD

Core Services (cont.)

- High-throughput sequencing using the Illumina Cluster Station and Genome Analyzer IIX.
 - *De novo* or targeted resequencing
 - mRNA sequencing
 - Tag profiling
 - Small RNA discovery
 - ChIP-Seq
 - Sequencing-based Methylation Analysis

Pharmacogenomics Facility

Marjorie Beggs, PhD

Core Services (cont.)

- Custom arrays for gene expression, SNP, etc with the BeadXpress Reader
- Bioinformatics and statistical support for all experiments performed by the Core
- staff provided advice and assistance to all investigators interested in using the Core Facility to obtain quality results appropriate to the type of experiment

FY11 Audit of Effort Reporting System

- The UAMS Effort Reporting System audited in Feb-March 2011
 - Recommended that the faculty receive additional training on the effort certification process.
- The ‘attachment’ of effort certification and grant management stressed in the audit.

Grant and Cost Accounting

Janet Hopper, CRA

Director of Grants Accounting

■ Audit Comments

- Effort System works well, but additional training should be required
- UAMS Policies should make Grants managers responsible for monitoring salary allocations when grant accounts are established
- Grant managers are responsible to ensure that salary/salary cap data is correct at grant close
- Departments must sign off that effort has been reviewed by grants administrators

Grant and Cost Accounting

Janet Hopper, CRA

Director of Grants Accounting

■ Effort Training

- OMB Circular A-21 provides requirements for documenting salary and fringe expenses on federal grants.
- Personnel Costs make up as much as 70-80% of grant expenditures, but have no 'invoice' to support these costs.
- Semi-annual certification of effort spent on grant projects documents appropriate costs.

Grant and Cost Accounting

Janet Hopper, CRA

Director of Grants Accounting

Effort Training (Example)

- Doctor Y is paid \$200,000 as his annual institutional base salary. (For six month reporting period, base would be \$100,000) In the payroll system, Dr. Y was allocated 75% to a grant, and therefore \$75,000 in salary expense was recorded on the grant.
- 6 month base \$100,000 X 75% = \$75,000

Grant and Cost Accounting

Janet Hopper, CRA

Director of Grants Accounting

- If Dr. Y certifies that he only spent 50% of his time on the grant, then the grant should have only been charged \$50,000.
- 6 month base \$100,000 X 50% = \$50,000
- **Based on Dr. Y's effort certification, the grant has been overcharged \$25,000 in salary expenses.**

Grant and Cost Accounting

Janet Hopper, CRA

Director of Grants Accounting

■ UAMS Effort Reporting System

- UAMS effort system reflects what was actually paid to an employee based on salary distributions in payroll system
- Employee 'certifies' that effort supported by these distributions is a fair reflection of the effort expended on the projects
- Employee determines if effort actually spent on the project differs from that supported by the salary distributions
 - Corrections made on the effort certification form

- **Correlation of Effort Corrections to Salary Corrections**
 - When a correction is made on an effort form, the department administrator is responsible for correcting the salary expense on the grant to match the certified effort
 - Grant accounts reviewed by the Cost Accounting to insure:
 - Salary corrections were made
 - Expense on the grants matches the certified effort

Grant and Cost Accounting

Janet Hopper, CRA

Director of Grants Accounting

- Effort Certification has been the greatest area of audit findings in the grant environment over the last 10 years
- Very important each employee reflect an accurate assessment of their effort on the certification form, so charges to the grant are substantiated

ORSP

Suzanne Alstadt, Director

■ Gift or Grant - Overarching Concepts

- A gift or contribution is an item given by a donor who expects nothing significant of value in return, other than recognition and disposition of the gift in accordance with the donor's wishes
- Grants are reciprocal in nature. Each party is giving and receiving something of relatively equal value in the transaction.
- U.S. Government (state or federal) money should always be treated as a grant.

ORSP

Suzanne Alstadt, Director

Examples of Indicators

Category of Indicator	Factor Indicative of a “Gift”	Factor Indicative of a “Grant”
Funder Statement of Mechanism	Donor explicitly states that he or she intends the award to be a philanthropic gift.	Funding agency states in program announcement that the award is a grant.
Technical or Scientific Data	Funder does not require technical or scientific data to be given to them as a condition of the award.	Funder requires technical or scientific data to be given to them as a condition of the award.
Performance Objectives	Funder does NOT establish a strict and non-negotiable set of performance objectives. There is no time period associated with the use of the gift. <i>(Note: A philanthropic gift may be restricted in nature, but it does not dictate how the work will be accomplished.)</i>	Funder establishes a strict and non-negotiable set of performance objectives. There is a specified time period associated with the use of the funds or items, i.e. a period of performance, including start and stop dates.

ORSP

Suzanne Alstadt, Director

Still Not Sure?

- Contact ORSP
- We will review the funding announcement, award terms and conditions, and/or contact the funding agency.
- Ask **BEFORE** you apply for the funds. It saves time, energy, and frustration once an award is made.

IRB

■ IRB Policy Updates

- Key policies for research community:
 - IRB Policy 1.4 – Definitions and Human Subject Determinations
 - IRB Policy 10.3 – Protocol Content and ARIA Submission
 - IRB Policy 15.1 – Elements of Informed Consent
 - IRB Policy 15.4 – Non-English Speaking Subjects
 - IRB Policy 17.2 – Cognitively Impaired Subjects

- **Facility and Administrative (F&A) expenses and recovery for UAMS Organized Research Fiscal year - FY09**
 - Data provided from FY09 F&A Proposal and UAMS financial systems
 - Organized Research includes research grants separately budgeted and accounted for
 - Organized Research excludes Clinical Trials, Department Research, and Public Service

FY09 Facility and Admin Cost Rate Proposal

UAMS Institutional Costs supporting Organized Research

Building Depreciation	\$ 1,797,977
Equipment Depreciation	1,025,025
Building Interest	632,241
Operations & Maintenance	5,968,914
Library	<u>656,727</u>
Total Facilities Costs	\$10,080,884

General Administration	\$ 3,856,128
Sponsored Program Administration	2,303,092
Departmental Administration	<u>6,579,802</u>
Total Administrative Costs	\$12,739,022

**Total F&A Costs Supporting
Organized Research for FY09** **\$22,819,906**

Grant and Cost Accounting

Tyrone Stephens, CPA, MBA
Director of Cost Accounting

Comparison of F&A Expense to F&A Income

■ Total FY09 F&A Expense	\$22,819,906
■ Total FY09 F&A Recovery	<u>13,573,649</u>
Unreimbursed F&A Cost	\$ 9,246,257

Grant and Cost Accounting

Tyrone Stephens, CPA, MBA
Director of Cost Accounting

- **FY09 Calculated, Negotiated, and Effective F&A Rates for UAMS Organized Research**
 - FY09 Calculated F&A Rate (uncapped) 58.43%
 - FY09 Negotiated F&A Rate (capped) 47.00%
 - FY09 Effective F&A Rate (actual) 34.76%

Grant and Cost Accounting

Tyrone Stephens, CPA, MBA
Director of Cost Accounting

■ F&A Recovery Returned to Colleges

- Total F&A Recovery \$13,573,649
- Distributed to Colleges \$ 2,007,818
- Recovery Percentage Returned to Colleges for FY09 roughly 15%

Grant and Cost Accounting

Tyrone Stephens, CPA, MBA
Director of Cost Accounting

■ Where is this 15%?

- F&A Recovery is returned to the colleges through the annual budgeting process as part of the general budget supporting the college
- General budget supports equipment purchases, CORE operation subsidies, start-up and bridging accounts, salary incentive plans, etc...

Grant and Cost Accounting

Tyrone Stephens, CPA, MBA
Director of Cost Accounting

■ Bottom Line

- “It costs money to do research...”
- UAMS incurred roughly \$23 Million in expenses supporting Organized Research in FY09
- UAMS recovered less than 60% of these costs from Organized Research projects in FY09
- Even with a significant under recovery of these costs, the Campus returned over \$2 Million to the colleges to further the support of research.
