

UNIVERSITY OF ARKANSAS
FOR MEDICAL SCIENCES

Research Support Information Network (RESIN)

Presented by: Office of the Vice Chancellor for Research

Date: June 7, 2016

Agenda

■ Updates & Timely Information from Research Support:

- ✦ Office of the VCR
- ✦ URC
- IRB
- Contract Administration
- IACUC
- ORRA
- ✦ DLAM
- BioVentures
- Travel
- ORSP
- Research Compliance
- ✦ Office of Finance
- ✦ Library
- Compliance – Export Control
- ✦ TRI
- Winthrop Rockefeller Cancer Institute

Development Enhancement Awards for Proposals (DEAP)

Jean McSweeney, Ph.D., Chair, UAMS Research Com.

- **Development Enhancement Awards for Proposals (DEAP)**
- **Purpose**
 - To provide funds to address comments & needed revisions for all PIs who have received a score and comments on a NIH proposal, but did not receive funding.

Development Enhancement Awards for Proposals (DEAP)

Jean McSweeney, Ph.D., Chair, UAMS Research Com.

■ Revisions- Funding Programs Information

■ Purpose of the Development Enhancement Awards for Proposals (DEAP) Grant Program

The DEAP Grant Program of the University of Arkansas for Medical Sciences is designed to provide funds to address comments or needed revisions for new and established faculty members from all colleges who have received a score and comments from an unsuccessful proposal submitted to an ~~an federal-extramural agency or foundation that provides full indirect costs~~ grant funding organization. Funds for the DEAP Grant Program are derived in part from Facility and Administrative (F&A) costs received from funded extramural grants. Therefore, applications to the DEAP Grant Program will be prioritized as follows (from high to low priority): 1) grants from federal agencies and foundations that provide F&A at the full federal negotiated rate (currently 49%); 2) grants from non-federal entities that provide F&A costs at the full federal negotiated rate; 3) grants from non-federal entities that provide F&A costs, but at less than the full federal negotiated rate; and 4) ~~grants from entities that do not provide F&A costs.~~ These DEAP grants are intended to assist investigators with the collection of additional data that directly responds to reviewers' comments in order to increase the competitiveness of the revised application.

Development Enhancement Awards for Proposals (DEAP)

Jean McSweeney, Ph.D., Chair, UAMS Research Com.

■ Revisions – Funding Programs Information

Applications for a DEAP award, must include: 1) a copy of previously submitted proposal, 2) the score and reviews from the submitted proposal, 3) a plan to address all reviewers' critiques/comments, and 4) a pledge to resubmit a revised application to the funding agency with a timeline. ~~as soon as practical.~~

Additional Requirements: The Plan to Address Critiques (see below), in addition to the requirements outlined above, should *clearly describe how reviewers' concerns will be addressed and remediated in the revised submission.* Specifically, a detailed plan and budget of what actions/experiments (1 page limit) will be completed with DEAP funds. ~~done?~~ DEAP proposals will be reviewed for merit and likelihood of extramural funding.

Development Enhancement Awards for Proposals (DEAP)

Jean McSweeney, Ph.D., Chair, UAMS Research Com.

■ Revisions –Funding Programs Information

THE APPLICATION PACKAGE

Preparing the Application: An applicant shall follow the required format and guidelines for proposal preparation [as specified below](#).

Well-written, concise applications that clearly describe how the proposed research will address reviewer concerns and questions are more likely to receive favorable consideration. In preparing the application, follow the format and general guidelines below

Development Enhancement Awards for Proposals (DEAP)

Jean McSweeney, Ph.D., Chair, UAMS Research Com.

■ Revisions - Funding Programs Information

ITEM 6:

Provide a detailed timeline for resubmission to the funding agency.

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

- **Voluntary vs. Involuntary**

- **Voluntary**

- AAALAC International Accrediting Agency visit
Wednesday, June 29, 2016

- **Involuntary**

- USDA-Federally Mandated Law – Animal Welfare Act
- PHS-NIH-OLAW-Funding Implications

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

- **USDA Inspects**

- AAALAC provides a voluntary Evaluation of the Animal Care and Use Program

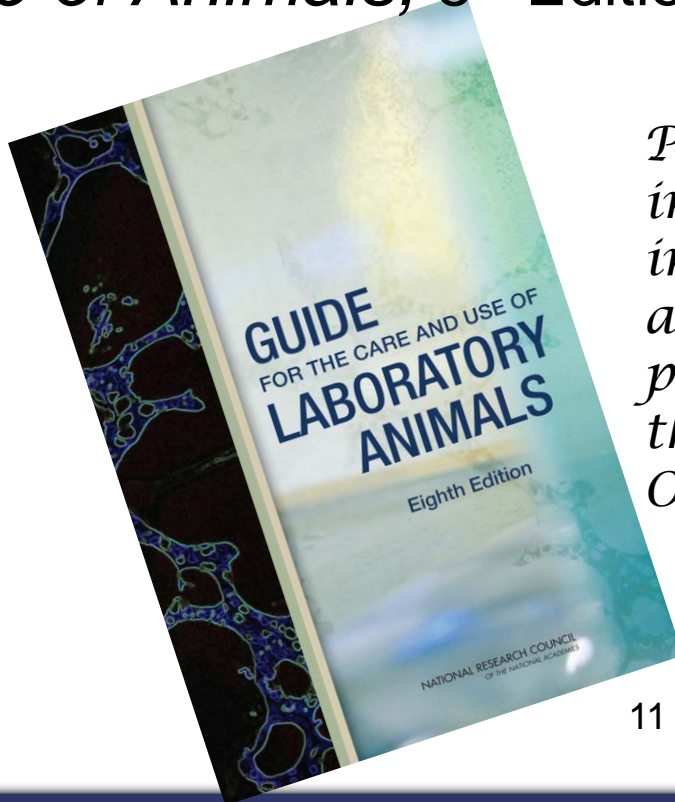

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

■ Animal Care and Use Program

- Evaluated based on the *Guide for the Care and Use of Animals*, 8th Edition

Program: any activity at an institution that has a direct impact on the well-being of animals: veterinary care, policies, procedures, IACUC, facilities and their management and Occupational Health and Safety

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

■ The Process

- Program description is reviewed
- How we do everything
 - IACUC protocols
 - Training
 - PAM
 - Veterinary Care
 - Facility Maintenance
 - Occupational Health
 - Institutional Support

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

- **AAALAC International**

WHY BOTHER?

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

- **More than 850 Institutions in 36 Countries are AAALAC Accredited**
- **Reasons**
 - It Represents Quality – it's the only international accrediting organization for animal care and use
 - It shows that an institution is serious about setting, achieving and maintaining high standards for animal care and use
 - It shows that the institution is committed to animal welfare in science

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

■ AAALAC

- It promotes scientific validity
- Reliable, scientific results depend on superior animal care, which is an AAALAC tenant
- This rigorous assessment ultimately results in improved animal welfare and research practices
- Provides assurance in a global marketplace, a world-wide gauge on quality

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

■ AAALAC (Cont.)

- Provides accountability because researchers and institutions are held to high standards
- Indicates that the institution is committed to responsible care and usage of research animals
- Provides a confidential, peer review of the program which stimulates continuous improvement

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

■ Tour the Facilities

- Expansion, Barton, and Cancer Institute
 - Visit some Laboratories – Random? Not really.
 - Survival surgery, Irradiate animals, Pain Medications Administered, Satellite Facilities, Imaging Areas, Behavioral Testing Areas

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

- **The End**

AAALAC: The Process

Mildred Randolph, D.V.M., Director, DLAM

■ SAVE THE DATE

- UAMS, **Wednesday, June, 29, 2016**
- ACHRI, Tuesday, June 28th
- VA, Thursday, June 30th

Our Community, Our Health

Camille Hart, MPH, Community Engagement
Program Mgr., TRI

- **Our Community, Our Health**
 - Cross-CTSA project started in April 2015
 - Sentinel Network Project
 - National live streaming town hall
 - Dissemination of local research findings to lay community members
 - Hosted by different sites
 - University of Florida (5)
 - University of California Davis (1)

Join a National Conversation:
June 30, 2016

When:
 4:30 to 5 p.m. **Local Reception**
 5 to 6 p.m. **Town Hall**

What:

HealthStreet, a community-engaged research initiative at the University of Florida, and the University of Arkansas for Medical Sciences, are hosting the 7th **Our Community, Our Health event (OCOCH) on women's heart health.**

This live streamed town hall:

- Facilitates two-way communication between the community and researchers
- Shares ideas about priorities for health research
- Finds ways to communicate research findings and blends ideas about research
- For more information, visit MyHealthStreet.Org or Email Erick Edwing at eedwing1@ufl.edu

Sci-Hub and Academic Identity Theft: An Open Letter to University Faculty Everywhere

POSTED BY RICK ANDERSON - MAY 19, 2016 - 47 COMMENTS

FILED UNDER CYBERFRAUD, FACULTY, IDENTITY, SCI-HUB

Dear Colleagues,

All of you, upon being hired at your institution, were probably assigned a network ID and password. These constitute your network identification credentials — the way in which your campus's computer and security systems recognize you as someone with a particular set of rights to see, use, and manipulate information stored on the campus's network.

Your ID and password are probably also what allow you to gain off-site access to licensed information resources purchased on your behalf by the library: online journals and databases, ebooks, and other scholarly products licensed for campus use.

Mini-Symposium on Substance Abuse

Larry Cornett, Ph.D., Vice Chancellor of Research

■ UAMS/ UTHSC

- Mini-Symposium on Substance Abuse
- **Wednesday, June 8, 2016**
- IDW, 115 A/B

UAMS/UTHSC

Research in Substance Abuse

Mini-Symposium

**Wednesday
June 8, 2016**

10:00—3:00 p.m.

I. Dodd Wilson (IDW) building, rm. 115A/B
I. Dodd Wilson (IDW) building, atrium—posters

Please join us for a mini-symposium featuring UAMS and University of Tennessee Health Sciences (UTHSC) investigators who will discuss substance abuse research and discoveries. The mini-symposium, open to all interested faculty, students, and research staff, seeks to foster communication and collaboration between investigators and ongoing research on both campuses.

For more information, contact:
Linda Williams, (501) 686-7418

Mini-Symposium on Substance Abuse

Larry Cornett, Ph.D., Vice Chancellor of Research

- **UAMS/ UTHSC - Mini-Symposium on Substance Abuse**
 - Tomorrow, **June 8, 2016**, IDW, 115 A/B, Noon poster session (~40 posters from both campuses)
 - Lunches for poster presenters & registered attendees

Mini-Symposium on Substance Abuse

Larry Cornett, Ph.D., Vice Chancellor of Research

- **UAMS/ UTHSC – Joint Project Funding**
 - 2 Collaborative Grants to be Awarded
 - Must have a PI from UAMS and UTHSC
 - 1 year in duration
 - September 1, 2016 start date
 - Check announcements for submission guidelines.

Next RESIN

- **Next RESIN – After Summer break**
 - **September 6, 2016 @ 12:00 p.m.**
 - Location - **Walton Auditorium**, Winthrop P. Rockefeller Cancer Institute, 10th floor
 - All RESIN presentations archived on the UAMS Research website
 - http://www.uams.edu/research/RESIN_Achive.asp
